

Bellevue Occupational Medicine Clinic

HealthForce provides a complete range of employee health services at our Occupational Medicine Clinic in Bellevue. Our services are specifically designed to return employees to work as quickly and safely as possible following an injury or illness.

In addition to injury and illness care, we offer a variety of other services at our clinic to keep your employees healthy, safe and productive. Many of our services also help you comply with applicable regulations and industry standards regarding employee health and safety.

Features

- » Experts in occupational medicine
- » Immediate access to care and/or advice for work-related illness or injury
- » Reliable communication with the employer (including useful reports) regarding the status of the injured or ill employee
- » Services designed to ensure compliance with employee health and safety regulations

Customer benefits

Our Occupational Medicine Clinic provides:

- » minimal time away from work for the injured or ill employee (one hour or less in most cases),
- » faster return to normal function at work and at home following injury or illness,
- » reduced employee healthcare costs,
- » fewer and less costly disability claims,
- » total compliance with applicable employee health and safety regulations as well as industry standards,
- » enhanced worker productivity, attendance and retention, and
- » greater awareness among workers that the employer cares about their health, safety and well-being.

Providers

Our providers are the occupational health experts, combining specialized training, years of experience and a unique understanding of jobs, worksites and industries. Our clinical provider teams include:

- » Board-Certified Occupational Medicine Physicians
- » Certified Physician Assistants
- » Physical and Occupational Therapists
- » Certified Medical Assistants
