Integrated approach saves time and money

This is just a sample of the full continuum of services offered by HealthForce using an integrated approach that saves employers time and money, and eliminates the hassle of working with several different providers. Our delivery is flexible and responsive, with services and information provided day or night at employers' worksites, in our clinics, by phone and over the Internet — whenever and wherever they are needed.

As a single-source provider of work-related health solutions with a proven track record of providing cost-effective medical, wellness and fitness services, HealthForce has the most experienced occupational health experts in the Northwest.

When under the pressures of rising health costs and the need to maintain and improve their workforce health, employers of all types — large and small, public or private, from a single location to the most challenging worksites on land, at sea or in the air — choose HealthForce to help them survive and thrive.

Our workplace health experts understand how to keep your employees healthy, safe and productive.

In the event of injury or illness, our services help contain the costs and return the employee to work as quickly and safely as possible.

About HealthForce

HealthForce is a single-source provider of workplace health solutions, serving thousands of local, regional and national employers. We are an innovator in employee health, offering superior care to injured and ill employees, and designing and delivering workplace health services to improve employee health and productivity.
